

SARTORIA[®] est. 2018

2018: Sartoria is created, combining the knowledge with the understanding of modern ceramic history. A tailored project for all those who love interior design, small sizes, colour and decoration. From these four elements a new chapter within Terratinta Group is born, aiming to create a new style that can be exported all over the world.

Just like the detailed and creative creations of a tailor, Sartoria designs and fulfils distinguished ideas, giving new life to the craftsmanship of the small ceramic size. From white-body walls to gres porcelain tiles, different options designed for small and wide spaces: a unique, contrasting design, a choice between styles, a choice of style.

Dall'esperienza di una storia ceramica recente senza precedenti, nel 2018 nasce Sartoria. Un progetto su misura per chi ama l'interior design, il piccolo formato, il colore e la decorazione. Da questi quattro elementi nasce un nuovo capitolo all'interno di Terratinta Group, con l'obiettivo di creare un nuovo stile esportabile in tutto il mondo. Così come le creazioni di un sarto, meticolose e creative, Sartoria disegna e realizza grandi idee, dando nuova vita all'artigianalità del piccolo formato ceramico. Dal rivestimento in pasta bianca al porcellanato, diverse combinazioni pensate per piccoli e grandi spazi: un design unico, contrastante, una scelta di stili e di stile.

VINTAGE AND MINIMALIST.

As part of the process begun with Tbrick, Sartoria explores the decorative potential of wall coverings, continuing the dialogue between material and artisanship.

Graphic and colour shading combine to create depths typical of handmade products, enriched by a material with irregular edges and ever-changing surfaces, offering a vintage yet innovative design.

It is the matt finish that takes the collection even further towards a contrast between vintage and minimalism, making Tint a very suitable collection for commercial environments.

The twelve colours, ranging from the more traditional Blanc, Dune and Fog to the natural inspirations of Ocean Mist, Garden and Water to the more intense Oxide and Cityscape, in the 5.2x16 size and thanks to the matt finish that does not bounce back against the light, make Sartoria's project clear: tradition and innovation combine to create more or less distinctive designs, where the more traditional taste of "old-fashioned" products and settings can be incredibly combined with more minimalist and contemporary looks.

VINTAGE E MINIMALISTA.

All'interno del percorso iniziato con Tbrick, Sartoria esplora le potenzialità decorative del rivestimento a parete proseguendo il dialogo tra materia e artigianalità.

Stonalizzazioni grafiche e di colore si combinano creando profondità tipiche dei prodotti fatti a mano, arricchite da una materia con bordi irregolari e superfici sempre diverse, che propongono un design vintage ma sempre innovativo.

E' la finitura matt che porta poi la collezione ancora più verso un contrasto tra il vintage e il minimalismo, rendendo Tint una collezione molto adatta anche per ambienti commerciali.

I dodici colori, dai più tradizionali Blanc, Dune e Fog che si affiancano alle ispirazioni naturali di Ocean Mist, Garden e Water fino ad arrivare ai più intensi Oxide e Cityscape, nel formato 5,2x16 e grazie alla finitura opaca che non riflette contro la luce, rendono evidente il progetto di Sartoria: tradizione e innovazione si sposano creando design più o meno caratterizzati, dove il gusto più tradizionale di prodotti e ambientazioni "di una volta" può incredibilmente sposarsi con look più minimalisti e attuali.
